

RENEW PACKAGING SOLUTIONS

Renew-Fill

Let us Renew Your Pelespan!

Renew Packaging Solutions is proud to present the Renew-Fill initiative! The solution is simple: Packaging peanuts are rescued, repurposed and renewed! As always this is a part of our mission to reduce packaging waste. Please take this opportunity to join us, and make the pledge because your carbon foot print matters!

What you need to know:

This offer is good for a 12 cubic foot bag at a cost of **\$10.00**

In the United States we throw away about 2 million tons of this stuff per year, most of it ending up accounting for 25-30% of the waste in landfills. It can kill birds or fish mistaking it for food. Lets work together to change those statistics! Please call us today and Renew your Packaging!

SOLUTIONS

Change Starts Here

Become a part of the mission. Help us turn packaging into **Renewed** possibilities

"Let us Renew your Packaging!"
